JMS PAC President Message

On behalf of the PAC, I'd like to welcome students and families to another exciting school year. Our PAC is a dedicated group of parent volunteers working alongside staff and families to support our students by fostering a sense of belonging, encouraging positive relationships, and building school pride.

This year, our PAC includes three returning members and four parents who are new to both Journey and the PAC.

Together, our children span all three grades, giving us insight into the experiences and perspectives of students throughout the school.

Fundraising is the cornerstone of the work we do. Every dollar raised helps support student events, school enhancements, and enriching opportunities that create memorable experiences and foster school spirit throughout the year.

Join our Journey Middle School PAC & Parents Facebook page. We'll be sharing upcoming events, volunteer opportunities, and helpful resources throughout the school year to complement our monthly newsletter. Scan the QR code in the contact section below to join.

We're looking for a parent volunteer to represent our PAC on the Sooke Parents' Education Advisory Committee. Connect with us at journymiddleschoolpac@gmail.com to learn more about this role.

Thank you for supporting Journey Middle School. Together, we can make this a fantastic year for our students and school community.

Go Dragons!

Charlotte Mills, PAC President
