

Notice to Residents

Beginning Sept 14, 2026

On behalf of West Shore Environmental Services LP.,

AKIN Construction Inc. will be installing a gravity sewer main in Mt Wells Drive between 2939 and 2932 Mt Wells drive. There will be a daily road closure put in place from 7am to 7pm starting on Sept 14th and ending on Sept 16th. There will be no travel lanes available through the construction area, however local residents will have access to their homes. There will be minimal impact to local traffic at each end of the limits of work. Along with traffic control persons there will be traffic control devices and signage set up with a detour in place at Mt Wells Drive onto Lakehurst Drive. Please be aware of potential minor delays. For school drop off an alternate location at 2799 Lakehurst will be accessible. There is a walking path in to the school grounds. The duration of the works will be approximately 3 days from start to finish.

Hours of operation are Monday to Wednesday 7am to 7pm

Superintendent for AKIN Construction Inc. Andrew Robertson at

778-584-3436

We thank you in advance for your cooperation.
